Press Release.

— Visit from Vincent Caure, Member of Parliament for French citizens living outside France

On Friday October 25, Betao had the pleasure of welcoming Vincent Caure, Member of Parliament for French citizens living outside France.

It was an opportunity for our teams to talk with him and show him our day-to-day work in supporting micro-entrepreneurs.

After a call with a self-entrepreneur and a Swedish fika, we were able to present Betao's history and future challenges to the MP.

We'd like to thank Mr Caure for his visit, and look forward to meeting him again on his future visits to Stockholm or our actions in France.
